

**Canadian Council for Refugees national meeting
Declaration of accompanying adult**

*****To be completed by the adult accompanying a minor child (under 18 years)*****

I, _____, will accompany
_____ (minor's name) at the
national meeting organized by the Canadian Council for Refugees taking place in
_____ (city) during the period _____ (dates).

I have been informed that CCR national meetings address issues of refugee protection and immigrant and refugee settlement and bring together people from across Canada and beyond including refugees, immigrants, representatives of NGOs, government, UNHCR, academics and international guests. Apart from Youth Action Gatherings (YAG), I have also been informed that the program at a consultation is not necessarily suited to minors, as the primary target is representatives of organizations working with refugees and immigrants.

I confirm that I am over 18 years of age and that the parent/legal guardian of the minor has granted me permission to accompany their child.

I will assume responsibility for the minor at the CCR meeting (and travelling to and from the event, if coming from out of town). I understand that I must be registered at the meeting myself and that I must make myself available to guide and support the minor during the meeting and to take responsibility in the event of an accident or ill health affecting the minor, or serious misconduct by the minor. I take responsibility for communicating with the minor's parent or legal guardian in advance about any medical or other special needs, and during the consultation in the case of any incident involving the minor.
