

# Impacts of Missing and Mistaken Identity Documents on Permanent Resident Youth

Are you having problems trying to get a permanent resident card?

OR

Are you having problems fixing wrong information (examples: date of birth, incorrectly spelled name, etc.) on your permanent resident card?

OR

Do you help people dealing with these issues?

**Participate in our community-based cross-Canada research project!**

We're looking for:

- Youth who are facing problems replacing or fixing mistakes on their identity documents, ages 15-30
- Immigration practitioners who are facing problems trying to help youth replace or fix mistakes on their identity documents.

Participation is completely voluntary and anonymous; we won't share information that can identify you with anyone else without your consent.
